SUBJECT: Restrictions on Programs for Seniors (Health Alert 007)

At the June 18, 2020 City Council meeting Dee Wright spoke during public comment about the ongoing restrictions on programs and activities for seniors in our community. I also advised the council that I too was concerned about these ongoing restrictions.

After the meeting I followed up with local providers of these services to see if there was anything the EOC could potentially do to help improve the situation for our seniors. The answers came down to advocating with the State of Alaska for updated guidance that would allow these programs and activities to resume. I sent a message that evening to the DHSS Commissioner and the Director of the Division of Senior and Disabilities Services expressing our ongoing concern and asking for an update on when these programs might receive updated guidance.

I received a response the next morning advising that updated guidance would be forthcoming in the next couple of weeks. I am happy to report that on June 30, 2020 updated guidance was published and Health Alert 007 which imposed the suspension on these programs was rescinded. I have shared this updated guidance with Dee and other local service providers, Rendezvous Senior Day Services is planning to reopen on Monday, July 20th the EOC stands by ready to assist them and other service providers if requested as they develop and implement plans to reopen their services. Rendezvous Senior Day Services will

Good morning!

I am happy to announce to you that Rendezvous Senior Day Services will reopen on Monday, July 20. Hooray!

The next two weeks will give us time to reconfigure our facility, do more training to follow guidelines from DHSS and be ready for our new normal.

This has been a tough 3 ½ months for our mutual clients. Thanks to all of you who have been a part of keeping them healthy and cared for during their isolation.
