Welcome to 2021. Vaccines are being dispersed, most of us are wearing our masks in public and we are keeping as much distance as is practical. I have never felt that anything was new or exciting in the new year, to me it has always been just another day, a holiday! but just another day. But this year there are some new things happening for LIA.

We will be relocating our storage and office to a new space. It is currently being remodeled but we hope to be in by the end of January. When this happens we will be all in one space for the first time in 16 years. This is very exciting to me. The space is large, around 1300 square feet. So we will once again be able to accept and pass on used furniture, We have not been able to do this for over 2 years.

We also plan to begin financial classes, a once a month information and volunteer orientation training and whatever trainings and information we feel that we can assist our clients with to make life better.

We are especially thankful to White Cliff Church for our office space. It was a blessing when we moved in and has been a blessing over the past many years.

Happy New year, I pray and hope that this year brings family visits, travel to other places for fun and get togethers with others without the worry of becoming sick. Stay safe, encourage others and help those who are quarantined or just staying in for safeties sake.

Blessings, Lisa
