Dear Alaska and Pacific Northwest partners,

As you may be aware, today at 10:00 AM EST, Royal Caribbean Group announced the suspension of *Quantum's* 2021 Alaska season. We have made the decision to keep the ship in the Asia-Pacific region for the 2021 summer season. *Quantum*, currently sailing from Singapore, is the only ship in our fleet currently operational and we will be continuing the healthy operation of the ship through the summer.

Alaska sailings on *Ovation*, *Serenade* and *Radiance of the Seas* are not affected by this change, as we continue to work closely with the U.S. Centers for Disease Control and Prevention and government authorities in North America. Together – along with the [Healthy Sail Panel](#) of globally recognized scientific and medical experts – we remain focused on our common goal for a healthy and safe return to cruising for guests, crew and the communities we visit.

As always, thank you for your support and partnership, and stay healthy.

Preston Carnahan
