For the month of March 2022, the City collected \$178,460. Collections to date are \$533,288 more than projected for 2022. The City collected \$37,599 less than the March collections in 2021. The year-to-date collections exceeded the year-to-date 2021 collections by \$383,726 or 17.53%.

The table below summarizes a ten-year history of City sales tax collections. Please note that the increase in 2014 was due to the City raising its sales tax rate from 3.5% to 4%. Had the City not raised its sales tax rate, sales tax collections for 2014 would have been about \$340,000 less than 2013.
