RE: **Princess Cruises *Crown Princess* Schedule Change for the 2022 Cruise Ship Season**

Attached for City Council review is a memorandum from Port & Harbors Director Darryl Verfaillie regarding cancelled calls at the Port of Ketchikan for the Princess Cruises *Crown Princess* vessel from May 12 through August 4, 2022. The reason for the cancelled calls is detailed in Mr. Verfaillie's memorandum. While unfortunate, this change has afforded Cruise Line Agencies of Alaska (CLAA) to fill the vacated berthing space with other scheduled vessels that were previously scheduled to anchor and lighter passengers to the Port. An updated 2022 Ketchikan cruise calendar has been provided by CLAA and is attached for City Council review. Staff will continue to work with CLAA as the cruise schedule adjusts and will update the City Council accordingly.

The Port & Harbors Director will attend the meeting of May 5, 2022 to address any questions and/or concerns that Councilmembers may have.

MEMORANDUM

TO: Lacey Simpson, Acting City Manager

SUBJECT: CROWN PRINCESS SCHEDULE CHANGE FOR THE 2022 CRUISE SHIP CALENDAR

On April 26, 2022, the Port and Harbors Staff received word from Cruise Line Agencies of Alaska (CLAA) informing us that the CROWN PRINCESS would be cancelling a total of thirteen (13) voyages to the Port of Ketchikan, Alaska due to underway engine maintenance requirements - between May 12th and August 4th, 2022. As a result of this maintenance, the vessel will be unable to maintain its routine operational speed of 20 knots, resulting in the need to eliminate one U.S. port visit per voyage based on its current sailing schedule for the 2022 cruise season. According to CLAA, after much discussion, it was determined that the Port of Ketchikan would be dropped from the schedule, based primarily on geographic location, as Ketchikan is the last port of call on their returning/southbound route. The CROWN PRINCESS is currently slated to return to its original 2022 sailing schedule starting August 11th with a total of six (6) remaining port calls to Ketchikan between August 11th and September 15th, 2022.

The CROWN PRINCESS is a 952 ft/113,561 gross ton vessel with a maximum passenger capacity of 3,082.

The loss of thirteen (13) scheduled port visits (and resultant reduction in visitor numbers) would result in the potential reduction of 40,066 passengers, resulting in a loss of approximately \$360,594.00 in passenger wharfage fees, based on 100% passenger occupancy rates. However, based on current industry estimations, a more accurate representation of occupancy rates should be based on an average passenger occupancy rate of approximately 70% - representing a potential reduction of 28,046 passengers, resulting in a loss of approximately \$252,416.00 in passenger wharfage fees. In addition to the loss of estimated wharfage fees, an additional \$97,522.88 will be lost (regardless of passenger occupancy rates) based on dockage and additional fees.

CLAA will continue to look for opportunities within the current and evolving sailing schedule to offset a portion of these losses. As such, they have currently identified two opportunities within the current schedule to provide a small offset to the temporary loss of the CROWN PRINCESS; the 1st being: June 16th – redirecting the CARNIVAL MIRACLE to berth 2 rather than to anchor as originally scheduled, and: June 30th - redirecting the VIKING ORION from Ward Cove to berth 2. CLAA and the Port and Harbors Staff will continue to work together to identify additional offset opportunities as they may arise.
