Mayor and Council,

I was listening to the City Council meeting last night and heard you all discuss the very topic that I am working on. Ketchikan Wellness Coalition received the grant funding from the AK Mental Health Trust for my position, Crisis Now Coordinator - liaison between Ketchikan and the Trust, Department of BH, Agnew: Beck Consulting, RI International, etc. I have been meeting with local agencies and organizations to assess our current Behavioral Health (mental health and substance use) system/response and to see who may be interested in collaboration for a mobile integrated response team and a stabilization center. I should be on the agenda to present Crisis Now to you all on October 20th. I am looking forward to sharing the current focus and movement that is taking shape in Ketchikan.

Thank you for your time and support,

Lisa DeLaet
